Profiles

mrezauli

Summary

Adaptive, Self Motivated, Cooperative, a Team-oriented guy living in a brilliant environment. The social man rather than addicted to the machine. Freak about reading books on the different genres.

Experience

Bangladesh Computer Council December 2024 - Present
Associate (Monitoring & Evaluation)
Working in the Planning section provided a broader perspective on ICT. Additionally, I was involved in a software development role, working on REMS and the BDITEC website.

National Academy for Computer Training and Research (NACTAR) September 2021 - December 2024
Assistant Instructor (Research)
Taught these courses: Web Design (HTML, CSS), Web Development (PHP, MySQL), Programming Essentials with Javascript, Programming Essentials with Python, and Basic Office Application. Worked as Assistant Course Coordinator in different courses

Education

Mawlana Bhashani Science Technology University B.Sc. (Engg.) in CSE

Projects

Recruitment Exam Management System 2
I worked on the development of Recruitment Exam Management System 2 (REMS 2), focusing on improving the efficiency of the recruitment process align with latest rules of MOPA

Ecommerce Application using PHP by OOP
uses PHP OOP. Worked on Template, Session.
